

PLASMA DONOR APPLICATION

CREATE AN ACCOUNT IN SENDGRID

The screenshot shows the SendGrid user interface. The browser's address bar displays the URL `app.sendgrid.com/guide?from=profile&integrate=true`. The left sidebar contains a navigation menu with the following items: Account Details, Setup Guide, Help & Support, Sign Out of Account, Marketing, Design Library, Stats, Activity, Suppressions, and Settings. The main content area features a welcome message: "Welcome, SAVUMIYAA!". Below this, a blue banner reads "Send your first emails with Twilio SendGrid". The primary task is "Create a sender identity", which includes instructions on how to set up a sender identity and a button labeled "Create a Single Sender". A secondary option, "Authenticate a domain instead", is also present. An illustration of two people running is shown on the right side of the page.

Twilio SendGrid NEW

Welcome, SAVUMIYAA!

To get up and running quickly, please follow the steps outlined below.

Send your first emails with Twilio SendGrid

Create a sender identity

Before sending email, you'll need to create a sender identity. There are [two ways](#) to do this, but we recommend creating a Single Sender to get set up quickly and test your email integration.

Your sender identity is the "from" email address your recipients will see in their inbox. [Learn more](#) about this.

[Create a Single Sender](#) [Authenticate a domain instead](#)
